The H1N1 flu is still with us! The MN Dept. of Health and the CDC have info available on their websites, or info can be provided by ADC staff. It is best to stay home if: You have a fever over 100°, you have an uncontrollable cough, or if you are having diarrhea. Contact your physician if you are ill.

Please make sure that you have adequate continence products and an extra change of clothing in your locker for emergencies. We will send clothing home if it is used so that it may be washed and replaced.

Thank you for your assistance!

Things to watch for...

- * New active games! We are going to try a variety of new games to keep you moving!
- * Theme Weeks and Special Event Days
- * Campus Activities & Services – Musical Programs, Beauty Shop, Therapy and more.

A Special Welcome...

The staff and participants of the Adult Day Center would like to extend an extra special welcome to our new nurse! Her name is Jude, and she will be involved with our Wellness Weeks, assist with chart reviews, and be here to offer resources and health information.

Thank you Jude!

A FEW REMINDERS...

- Staffing is based on attendance. If you will not be attending on a certain day, or would like to add a day, letting us know in advance helps us plan.
- Bills are mailed monthly, and are due by their due date. Please make every effort to mail payments on time. When accounts become past due, you will receive a call from the Shaller Campus Business Office.
- Continence products are the responsibility of each participant. We do not keep many extras. Lockers should be used for storage if needed.
- We are always looking for new ideas for special events, projects, resources, and activity ideas. Let us know what you like to do!
- Activity donations are always welcome...**thank you** for thinking of us! They are accepted M - F, 8 - 4.
