GRIEF COUNSELING TECHNIQUES
and how they have evolved throughout the decades

Thurs., July 25 • 8 am
Roitenberg Family
Assisted Living Residence
8 am — Continental breakfast
8:30–9:30 am — Presentation

This workshop will take a look at the history of grief counseling over the decades. Emphasis will be placed on the most current best practice in the field of grief counseling. We will explore what has worked well in the past and what is now considered counterproductive according the most recent grief theories. Come prepared to share what is working best for you as you work with people who are healing from their grief.
