

SHIRLEY CHAPMAN

Sholom Home East

The new Shirley Chapman Sholom Home East is designed to provide the next generation of care, from short-term rehabilitation to long-term care and specialized end-of-life care.

Focused on quality of life, the Chapman Home encompasses the latest in design and equipment.

Located on the new Shaller Family Sholom East Campus, Chapman residents have access to the cutting-edge Feinberg Vitality & Aquatics Center with its warm-water therapy pool.

Shirley Chapman Sholom Home East features a unique “neighborhood” approach to nursing focused on personal care by a dedicated care team in a home-like setting. There are eight “households” or clusters of private* rooms in the Chapman, four on each of two floors. Like any home, every household has a warm, family kitchen and dining room/lounge which serves as the central gathering spot for its residents and visits by family and friends.
