SHOLOM'S CORE VALUES

*I will provide respectful,
compassionate and
person-centered care
guided by Jewish values
of community, honesty,
fairness, peace and tradition.*

SHOLOM JOHNSON HOSPICE AGENCY MISSION:

We are committed to providing comprehensive and compassionate physical, emotional and spiritual care to individuals who are approaching the end of life, and to their families.

Whether you are living in your own home, in a nursing home, assisted living setting, or other residence, the hospice team brings hospice services to you. The team offers high quality care focused on:

- Managing your pain and symptoms
- Providing emotional and spiritual support
- Providing needed medications, medical supplies, and equipment
- Offering music and massage therapy, as well as volunteers
- Making short-term inpatient care available when pain or symptoms become too difficult to manage at home, or your caregiver needs respite
- Providing grief support to surviving loved ones and friends

ELIGIBILITY FOR HOSPICE CARE

You are eligible for hospice care when:

- Your doctor determines you have a life-limiting illness with a life expectancy measured in months, not years, if the disease follows its natural course; and
- You accept comfort-focused care that manages pain and symptoms rather than aggressive curative treatment.

PAYING FOR HOSPICE

Hospice care is paid by Medicare's hospice benefit, Medicaid's hospice benefit, and most private insurers. Private pay options are also available. If you do not have coverage through Medicare, Medicaid or a private insurance company, our hospice team will work with you and your family to ensure needed services can be provided.
